# Summer Camp Information

## Planning Your Child's Summer

Here's how to plan a super-charged summer experience for your child:

- Look through this brochure with your child.
- Determine your child's interests. If registering for several sessions, decide whether your child would prefer the consistency of the same program or enjoy the variety of different programs.
- Select an age-appropriate program for your child to attend.
- Evaluate your needs for bus transportation and/or extended camp. There is an extra charge for extended camp but bus transportation is free.
- Read and follow registration and payment procedures on page 28.
- Register Early!

## Frequently Asked Questions

**Q:** *My child's birthday is in September. Can he attend the camp for older children?*

**A:** To register for a camp, children must be the stated age at the start of the session. Camps are designed for a particular age range that will provide the best environment for each child.

**Q:** *Who will be supervising my child at camp?*

**A:** Camp staff are selected for their activity skills, enthusiasm and ability to work well with children. By state law, all staff undergo background checks. Training is provided on safety procedures, camper conduct, activity planning and program implementation.

**Q:** *What happens if the school year is extended in June?*

**A:** Due to circumstances beyond our control, the Recreation Department may need to change the starting date of a program or move a program to an alternate site. Parents will be notified of all changes.

**Q:** *What accommodations are made for campers on really hot days?*

**A:** Fully operating air conditioning cannot be guaranteed at any site. When code red alerts and high temperature warnings are issued, program activities will be modified. Alternative activities include less active games, water play and indoor activities. Camps without indoor facilities may be moved temporarily to an indoor site at the discretion of the Recreation Department.

**Q:** *What happens if I'm late picking up my child?*

**A:** Please make sure you make alternative plans if you cannot pick up your child by the end of camp or by 6:00pm from extended camp. An overtime fee of \$10 per child for each fifteen minutes (or portion of fifteen minutes) is assessed, regardless of the reason for being late. Payment by cash or check is due at the time of pick-up.

**Q:** *What kind of discipline is used if a child misbehaves at camp?*

**A:** Appropriate behavior by participants is expected at all times. The staff will work cooperatively with parents to keep them informed of inappropriate behavior and solicit their support to resolve conflicts and encourage positive interaction. Participants who remain disruptive after consultation with the parents may be dismissed from the program.

**Q:** *What else do I need to know?*

**A:** To prepare your child for camp, a packet of important information will be sent to each family close to the start of camp. The information is also available on-line in April at <http://www.montgomerycountymd.gov/rec>.

## Participants with Disabilities

Children and teens with disabilities may register for the most appropriate programs for their age, needs, and skill level. There are two options: therapeutic recreation camps specifically designed for individuals with disabilities or inclusion in general recreation programs. If your child has a 504 plan or IEP at school, please call a Therapeutic Recreation Specialist to discuss your child's needs (301-468-4540).

If your child has a Special Education placement at school, a volunteer companion to work one-on-one may enhance your child's experience at camp. Since placements are limited, registration and requests for companions must be made at least 3 weeks before the start of the program. Companions may not be available every session.

If auxiliary aids or interpretive services (ASL, cued speech) are needed, contact a Therapeutic Recreation Specialist at least 3 weeks before the start of the program (301-468-4540).

Crafts, swimming two times per week and plenty of active games will add to the fun. There will also be a good nutrition adventure every day as campers try out healthy snacks. Whether your child is already hooked on these amazing strategy games—or wants to become hooked—here is a camp with a lot of class. Strategy is the theme that runs through each camp day, and kids will become pros who learn how to make "smart moves" as they think their way through active games, mind-stretching competitions and play. It's all about fun, and because it's summer, taking campers swimming two times per week is one of *our* strategies for giving campers a great summer experience.
